

Bear Era: Paws in Time

A watercolor illustration of a bear's paw print trail. The trail starts at the top left and moves diagonally down towards the bottom right. The paw prints are blue with black outlines and are scattered along the path. The background is a mix of orange and yellow watercolor washes, suggesting a forest floor or a path. The overall style is artistic and hand-drawn.

Thomas Nelson Bird

Mr. Bird had 33 years of service to Bland County Schools. He was a dedicated math teacher. Always working late and spending time with students to increase their knowledge of math. He was nominated "Teacher of the Year" twice in Bland County. He is known to the Governor's School students as the author of the "Bird Scale". This scale is a mathematically precise grade equivalent scale for converting grades for Governor's School to our county grade scale. He loved tennis and often played a game after school with students. Although he was a dedicated teacher and mathematician; he still had his humorous and theatrical side.

Mom and Dad

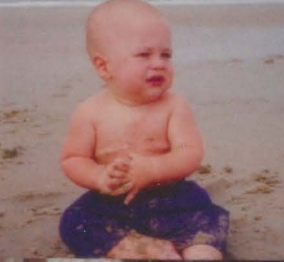

Thomas Luke Litton

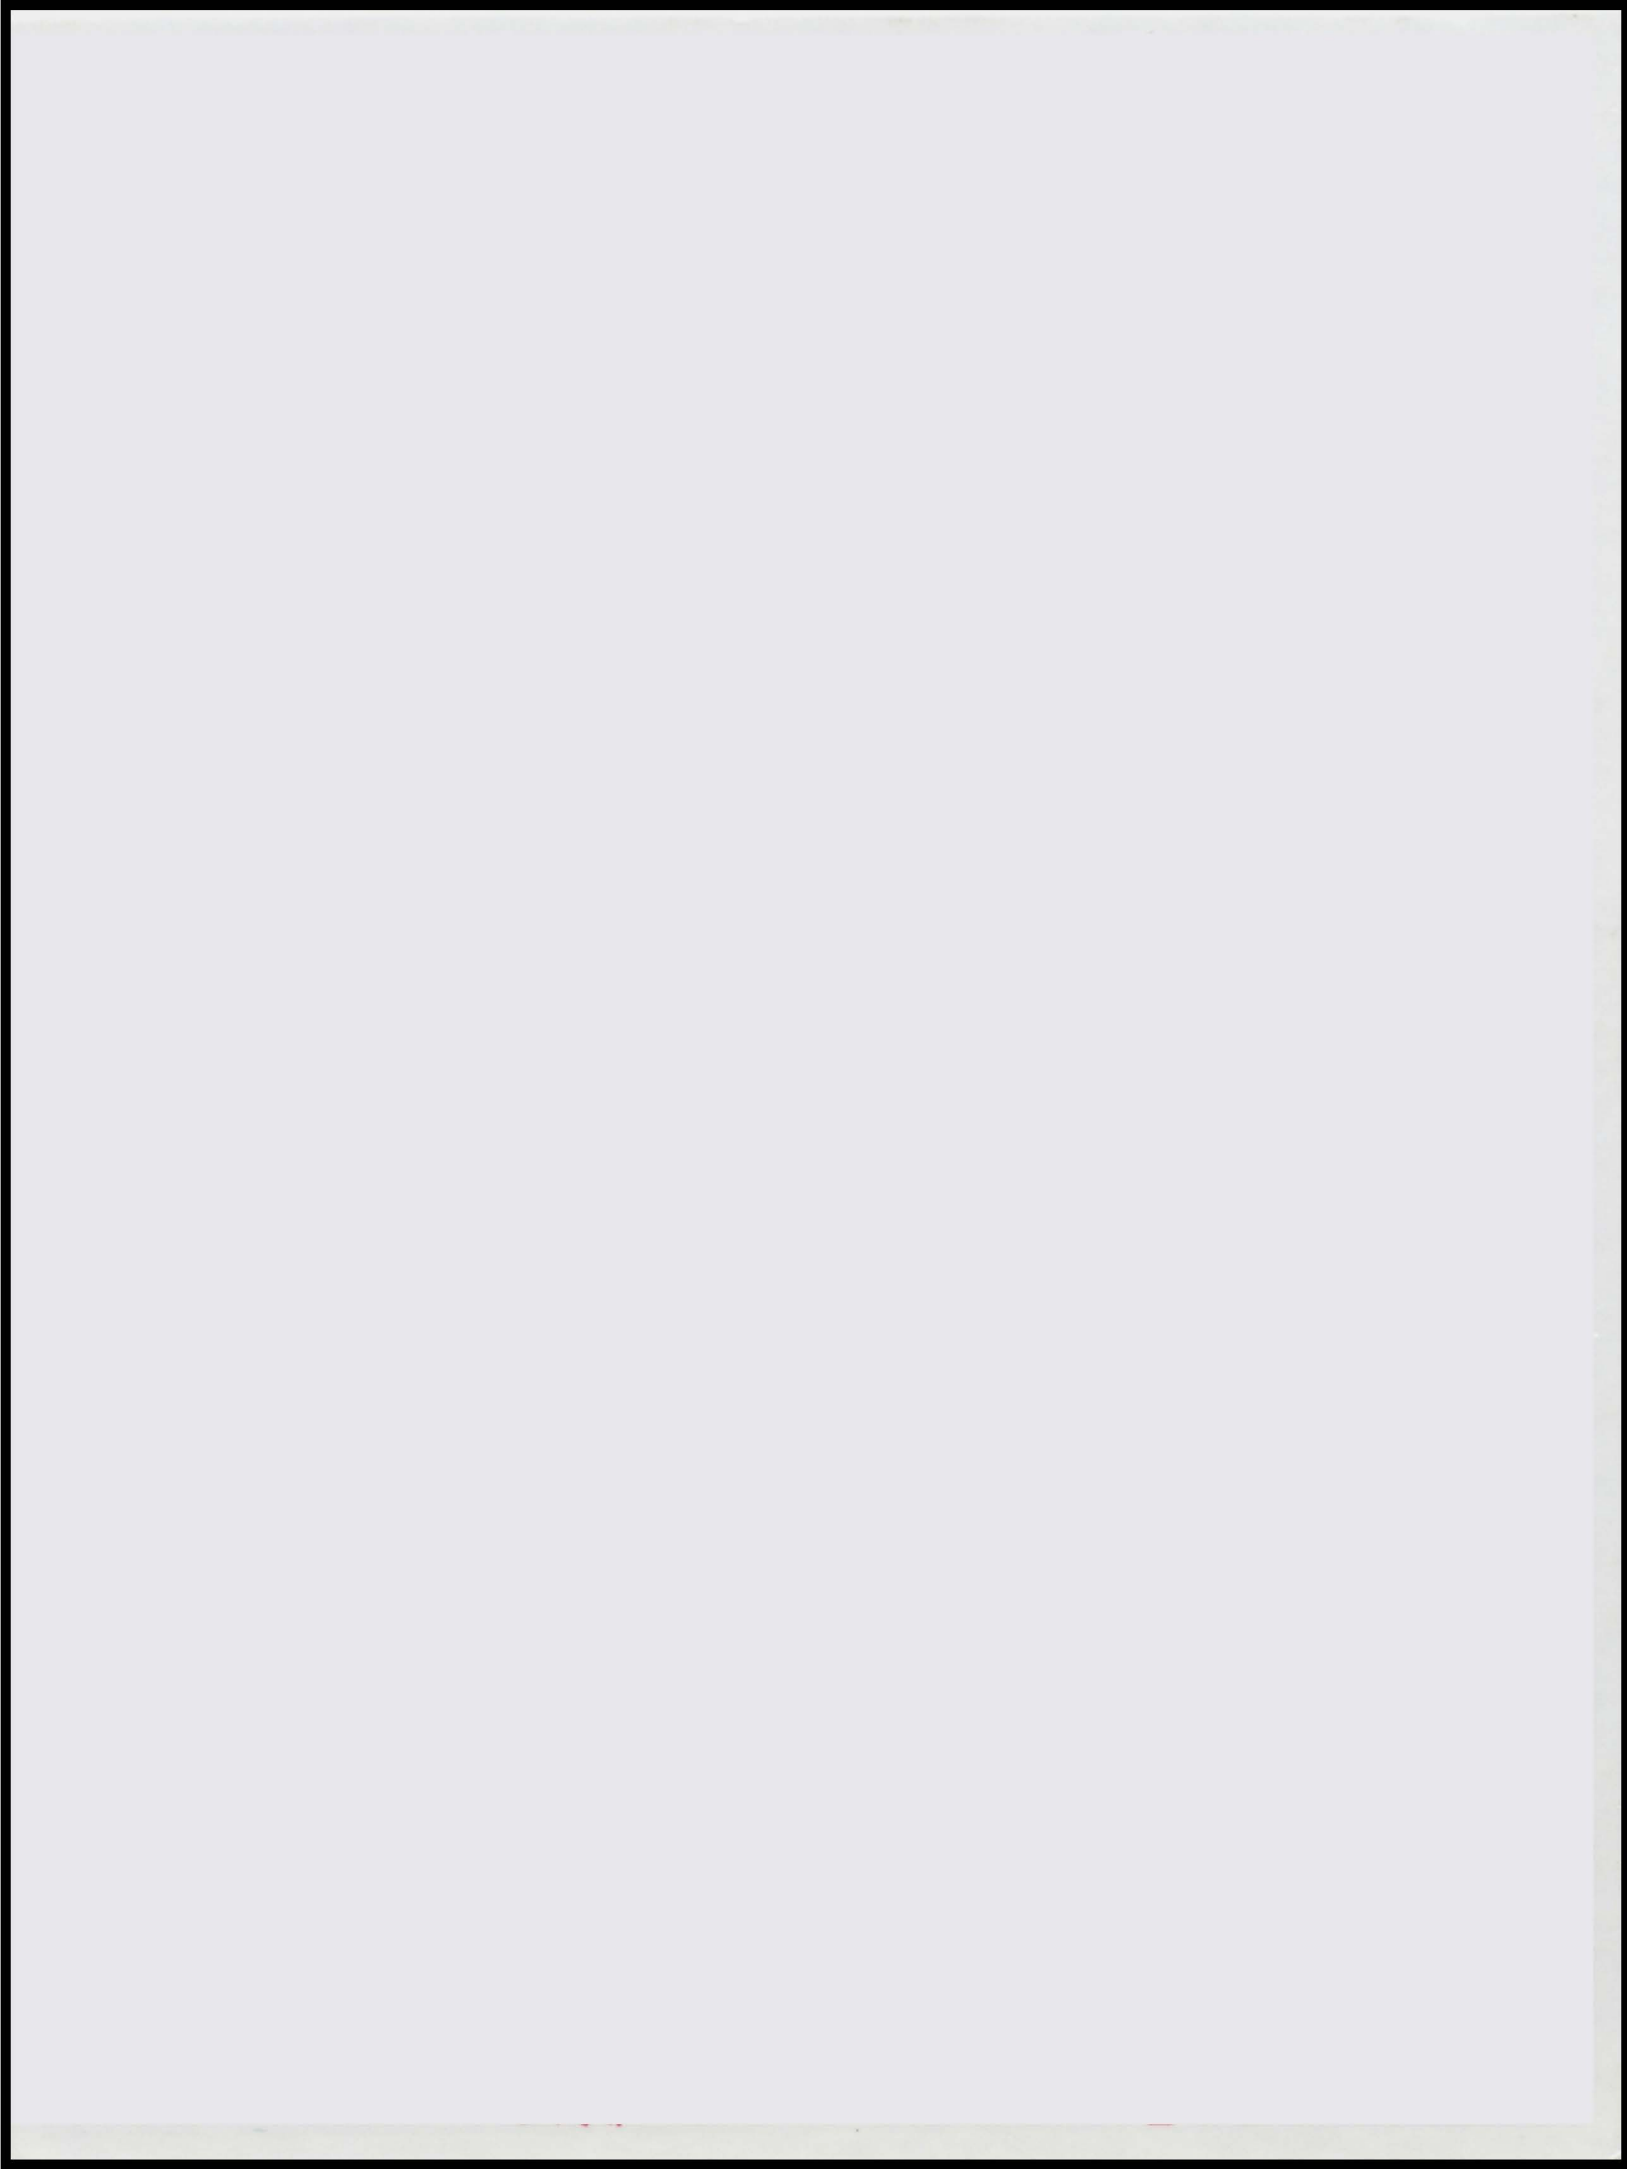

It's hard to believe that 18 years have past; where did the time go? In those years we have watched you grow into a fine young man. You have a wonderful, kind, sweet, heart; don't ever change that!

Find your passion and pursue it! Give everything you do 110 percent, work hard, be positive, and set your goals high! Most of all never lose sight of your Christian values, because with God all things are possible!

We Love You,
Mom and Dad
